Fostering Commitment & Leadership for Philanthropy's Engagement in the Post-2015 & Ghana's Development Agendas
Fostering Commitment and Leadership for Philanthropy’s Engagement in the Post-2015 Development Agenda for Ghana

Thursday, 9 July 2015, 8.00-17.00
La Palm Royal Beach Hotel, Labadi Road

Purpose

Ghana was one of the 50+ countries selected to host national consultations to contribute to defining potential priorities for the Post-2015 Development Agenda, as well to reflect on issues of implementation and the ‘how’, while drawing lessons for localization of the Sustainable Development Goals (SDGs). It also has an active inter-governmental group supporting the intergovernmental negotiations on the SDGs. The implementation is expected to benefit from multi-stakeholder partnerships and engagement. Philanthropic foundations are contributing to global and local development debates and implementation at national levels. Yet at the national level, systematic engagement of philanthropy is often missing, as is data on their contributions even in a country such as Ghana which has a vibrant NGO and philanthropic sector.

Through this workshop, participants will help to identify priority problems that philanthropy can more effectively address through collaborative efforts and systems-based approaches. The workshop will also serve as a milestone rallying call for defining joint initiatives and working together on commitments going forward. Specifically:

- In thematic areas identified as priorities for Ghana, participants will create stronger linkages and identify opportunities that go beyond pilot projects to systemic problem-solving between the UN, foundations, civil society and the government, to achieve scale and deeper impact.
- Connections will be strengthened between the organizers and other partners who want to “plug in” through greater use of data and information.
- Participants will explore concrete ways for foundations and their partners to develop a structured dialogue with the government and the UN, as well as private sector and civil society, in leveraging resources for common objectives.

| 13:15 | **Overview of afternoon session and segue into 3 concurrent thematic workshops**  
**Session Methodology**  
Each session will begin with a brief overview of the theme in Ghana, which may include data points to share (statistics); current government priorities; the Sustainable Development Goals and associated targets related to this theme; and the landscape of philanthropic giving on this theme.  
Moderators and rapporteurs/note takers will capture the assessment of existing work and initiatives, stakeholders, existing partnerships, and identification of gaps where participants believe more collaborative efforts between foundations, UN, government, private sector and civil society organizations would enable faster, deeper achievement of SDGs. |
The session will examine how existing or new collaborations can be strengthened by new and more diverse partners, and what would need to happen for this involvement to become a reality.

Themes for Breakout Workshops

**Workshop 1: Education (including vocational training and skills development)**
Key questions for this session:
- Ghana has seen strong progress in the Education sector with improved performance in enrollment rates, literacy and other measures. However, challenges remain in terms of completion rates, reaching the most marginalized, and building a high quality system for Technical and Vocational Education & Training. How can development partners and philanthropy support the Government of Ghana to reach its objectives in Education?
- What are the challenges and priorities for Ghana in reaching SDG 4: *Ensure inclusive and equitable quality education and promote life-long learning opportunities for all?*
- What is the unique role for philanthropy in Ghana in support key actors in basic, secondary and tertiary education, as well as TVET?

*Panelists*
*Charles Aheto-Tsegah, Ag. Executive Director, National Council Curriculum and Assessment, Ghana Education Service*
*Dr. Augustine Tawiah, Executive Secretary, National Teaching Council*
*Dolores Dickson, Executive Director, Camfed Ghana*
*Araba Botchway, Director of Admissions and Financial Aid, Ashesi University*
*Christopher Johnston, Senior Manager, Research & Policy, The MasterCard Foundation*
*Moderator: Tirso Dos Santos, UNESCO Head of Office & Representative*

*Deliverables from this session should include concrete recommendations that address the questions above, new partnerships or specific task forces, or information exchange mechanisms.*

**Workshop 2: Water, Sanitation and Hygiene (WASH Sector)**
Key questions for this session:
- Despite significant investment by official donors and philanthropy in recent decades in the WASH sector, there are enduring challenges related to functionality, quality and sustainability - so how can philanthropy support the Government of Ghana to address these challenges in meeting their 2030 Plan on WASH (or other relevant national plan)?
- What resources will government need to achieve SDG 6: *Ensure availability and sustainable management of water and sanitation for all?*
- What catalytic role can philanthropy play in providing collaboration among government, civil society and the business community work together to achieve lasting gains in this sector?
Panelists:
Fred Addae, Director of Water, Ministry of Water Resources, Works, and Housing
Ben Arthur, Executive Secretary of the Coalition of NGOs in Water and Sanitation (CONIWAS)
Vida Dutí, Country Director, IRC International Water and Sanitation Centre
Magdalene Apenteng, Director of Public Investment Division, Ministry of Finance
Edmund Cain, Vice President for Grant Programs, Conrad N. Hilton Foundation
Moderator: David Duncan, Chief WASH, UNICEF in Ghana

Deliverables from this session should include concrete recommendations that address the questions above (such as further landscaping of the WASH community, new partnerships or specific task forces, or information exchange mechanisms).

Workshop 3: Connecting the dots to promote jobs & livelihoods for youth & women
Key questions for this session:
• **Stimulating inclusive businesses and provision of services:** What are emerging areas for women and youth? How can philanthropic foundations contribute to strengthening livelihoods, employability and local enterprises?
• **Financial Inclusion & Catalytic Financing Mechanisms:** How can philanthropic entities work with government and stakeholders to promote financial and business literacy and access to finance? What types of innovative and integrated financing mechanisms can be supported to stimulate local development and businesses?
• **Sustainable training initiatives:** What types of capacity building are most effective? How to ensure that training activities respond to the needs of the private sector, local market and service opportunities? How to connect ‘capacitated’ service providers (partnerships/entities for schools, health facilities, sanitation, renewable energy) to access markets and finance?

In the past, Abugre worked as Head of the Global Advocacy and Policy Division at Christian Aid, UK, and was responsible for the management of over 100 research and policy professionals across five continents. He previously worked as Director for Third World Network – Africa and later the Integrated Social Development Network for 10 years. He has also led organizational change processes and been involved with local government reforms for various international and local organizations. He has led several multi-disciplinary specialist teams in a variety of fields including trade and industrial policy, artisanal mining, illicit financial flows; inequality and revenue allocation; and structural adjustment programmes both locally and internationally. He has to his credit several publications and research papers in the area of poverty reduction and social and economic development.

Mr. Samuel Aggrey is a Senior Economic Officer in the External Resource Mobilization Division of the Ministry of Finance (MoF). He formally joined the Ministry in July, 2006.

His core responsibility is to coordinate the formulation and management of programmes funded by the European Union in the infrastructure and environment sectors. He is currently the Ministry’s focal person for the formulation of the “Productive Investments in Infrastructures for Sustainable Agriculture in Northern Ghana” programme to be funded under the 11th European Development Fund.

Furthermore, he is Ghana representative on the secretariat of the International Aid Transparency Initiative (IATI). The initiative seeks to increase the transparency of development cooperation, and improve its effectiveness in tackling poverty.
Mr. Dos Santos has more than 30 years’ experience working in education across sub-Saharan Africa. He was trained as a teacher in Mozambique, and went on to become the National Director for Teacher Education at the Ministry of Education. Mr. Dos Santos then moved on to work as a Program Specialist in education with UNESCO in Zimbabwe, where he worked for 16 years. Since 2009, he has been working in Ghana and across West Africa on UNESCO’s education programs and policy issues. He is the author or co-author of several UNESCO policy publications, teacher training manuals, case studies and even a textbook for SHS students in Mozambique.

David Duncan is the UNICEF Ghana Chief of WASH, a position he has held since 2013. He has 20 years’ experience in the water, sanitation and hygiene (WASH) sector, working in fourteen countries, with experience as a consultant, government regulator, university lecturer and in international organizations. David has led national policy development, designed household and city-wide sanitation and water supply systems, served on numerous national and international committees and developed technical guidelines for numerous countries. In sector development he has worked with funding from national governments, philanthropic grants and internally generated funds.

Radhika is currently Economic Advisor and also heads UNDP’s Inclusive Growth Cluster in Ghana. Previously she was strategic planning advisor for the UN country team in South Africa. Prior to that she served as Deputy Director and co-coordinator of the Employment, Social Protection and Development Innovation Team at the International Policy Centre for Inclusive Growth (IPC-IG) based in Brasilia and before that she was Senior Policy Advisor with UNDP’s poverty group in New York. For the last many years she has been working on three sets of issues: employment and productive inclusion issues including creation of green jobs; policy integration between social and economic policies, and inclusive structural transformation options. Her work on innovation and structural transformation has been focused on the analysis of country experiences and the identification of policy space to support
innovations and to foster structural transformation in the context of addressing various development imperatives. In this regard she has also worked for many years on information and communication technologies for development policy and mainstreaming. Prior to working with UNDP, she undertook research, taught economics and worked with civil society research organizations. In addition to supporting country programmes and identifying emerging policy options and promising implementation modalities, she has been active in various global fora and partnerships.

**INVITED BREAKOUT SESSION SPEAKERS**

**Dolores Dickson,**
Executive Director, Camfed Ghana

*Dolores* has 15 years’ experience as an international development practitioner. She has worked with the UN’s Economic and Social Council (ECOSOC), where she conducted socio-economic research for the UN advisory committee for Guinea Bissau and with the British Red Cross in the UK. Dolores joined Camfed in 2007, since her appointment as Executive Director, the Ghana program has grown substantially in reach and influence and high-level dialogue with the Ministry of Education is securing replication of Camfed’s strategies. She sits on Ghana’s National Education Sector Working Group. Dolores completed an MA in Development Studies at the University of Manchester in the UK and has Executive Education Certificates from Harvard University.

**Araba Botchway,**
Director of Admissions and Financial Aid, Ashesi University

*Araba Botchway* joined Ashesi University in 2013 as Director of Development, and serves on the Executive (Management) Team of the university. In 2014 she changed roles to be the Director, Admissions and Financial Aid. She also manages the MasterCard Foundation Scholars Program at Ashesi. With her experience in project and grants management working in an international, multicultural and non-governmental setting, Araba hopes to use her skills and passion for youth development to attract the support necessary to educate future African leaders. Hopefully these new leaders will look beyond personal gain and work for the common good of Africa’s people.
Dorothy K. Gordon, Director-General, AITI-KACE, Ghana

Dorothy is the Director-General of Ghana’s Advanced Information Technology Institute (AITI-KACE), the Ghana-India Kofi Annan Centre of Excellence in ICT. She leads a team committed to using the opportunities that exist within the global innovation economy to bring about accelerated development in Africa. AITI provides globally benchmarked IT training, works to create the right environment to stimulate context-responsive ICT R&D, and provides consulting services to support clients in achieving global quality standards. A strong network of global partnerships and local networks support AITI’s work in diverse areas ranging from digital inclusion projects at the community level through to advisory services private sector and governments on key issues including open education resources, big data, cyber-security, and climate-modelling using high-performance computing resources. Her work as a specialist in international development spans over 20 years with increasing leadership and management responsibilities. Her extensive experience within the UN is complemented by work in the private sector and with civil society organizations globally. She is actively involved at board level in a number of global organizations working on defining our digital future. The present direction of her work relates to how best ICT can be ‘owned’ by developing countries. Capacity-building must set a sound foundation for innovation and cutting-edge research both to improve overall competitiveness, job creation as well as identify solutions for survival.
